## SECRET OF THE SANDS

### THOUGHTS OF TODAY

Do you believe in the wings of eternity  
Do you believe in an eternal life  
Do you believe in the wheels of reality  
Are you paying punctually your churchrate?

Do you believe what the news shows hourly  
Do you believe in the weather report  
Do you believe in political promises  
Do you agree with the latest prohibition?

Thoughts of today - illusion seems to flow away

Have you trust in nuclear energy  
Did you see the movie „China Syndrome“?  
John Watts bit the multinationals  
The key is living between the lines

Do you believe what your neighbour told yesterday  
Can you look through his disguise?  
Weird talk at the back of someone else  
Behind your back their fingers point at you...

Thoughts of today - illusion seems to flow away
